Focus

Innovate

Simplify

For over 60 years, Frenccken Europe has been serving an international client base in the medical, semiconductor, analytical and industrial automation markets. Frenccken enables its customers to speed up their innovation, simplify their processes and focus on their core acti-

vities, by offering design, development, and complete production of complex and advanced modules and products, based on precision mechanics, electronics and software. Frenccken Europe manufactures many high-precision machined parts in house and maintains a

worldwide supplier base for optimum cost and flexibility. Frenccken Europe's parent company, Frenccken Group Ltd, is listed in Singapore. The group has a global presence, with production sites in Europe and Asia, and sales offices in Europe, Asia and the USA.
